SUMMARY

I'm a frontend developer passionate about turning ideas into interactive, user-friendly web experiences.

EXPERIENCE

Frontend Developer

Venturo

📅 12/2021 - 06/2024   📍 Malang, Indonesia

- Built and maintained modern, responsive web interfaces using **React**, **Next.js**, and **Tailwind CSS**.
- Translated UI/UX designs into clean, efficient, and reusable components following best practices in accessibility and performance.
- Integrated RESTful APIs and handled asynchronous data fetching with **React Hooks** and **Axios**.
- Gained exposure to backend development using **Go (Golang)** by learning to build simple APIs, handle routing, and connect to databases.
- Worked closely with designers and backend developers in an agile team environment, improving collaboration, problem-solving, and version control with **Git**.

Intern Fullstack

Heasoft

📅 06/2019 - 12/2019   📍 Malang, Indonesia

- Contributed to the development of internal and client-side web applications using and **Laravel**.
- Implemented backend logic including **authentication systems**, **RESTful APIs**, and **CRUD functionalities**.
- Strengthened understanding of **MVC structure**, backend routing, and relational database design with **MySQL**
- Collaborated with the frontend team to enhance UI responsiveness using **HTML**, **CSS**, **JavaScript**, and **Bootstrap**.
- Gained exposure to **Blade templating** and improved UI/UX with better layout structuring and form handling.

Intern Fullstack

Dasadev

📅 01/2019 - 06/2019   📍 Malang, Indonesia

- Learned backend fundamentals using **PHP**, **CodeIgniter**, and **Laravel**.
- Studied **MVC architecture** and implemented basic routing, controllers, and models.
- Worked with **Blade templating** to create dynamic views in Laravel.
- Practiced basic **MySQL** operations including creating tables, writing queries, and data relationships.
- Gained hands-on experience with **CSS** and **Bootstrap** for building responsive UI layouts.
- Developed an understanding of fullstack workflows and how frontend and backend interact in web applications.
